P&P Guide VS. Other Requirements

- If a conflict exists between a policy described in the P&P Guide and a state regulation, administrative rule, or contract provision, then the provisions of the applicable state regulation, administrative rule, or contract provision prevail.

- CPRIT relies on the Uniform Grant Management Standards (UGMS) when none of the above-mentioned sources provide answers.

Locating P&P Guide Updates

- Refer to the Version Control section at the beginning of the document.

- The Version Control section outlines which sections within the P&P Guide received updates from the previous edition.

13

How to Use the P&P Guide

- Each chapter is broken up into sections with descriptive headings. For the most part, the P&P Guide is organized in a chronological order to follow the life of a grant from application to close out.

- To find specific terms within the P&P Guide:
 - Use "Ctrl + F" on a PC
  - Use "Command + F" on a Mac

Administrative Rules

16

Rulemaking Process & Importance

- As a state agency, CPRIT must follow the specific requirements of the Administrative Procedure Act (Tex. Gov't Code Chapter 2001) when the agency proposes new rules or changes to existing rules.

- Many grantee requirements are found in CPRIT's administrative rules, which is why it's important for grantees to be familiar with the rulemaking process.

Current Rulemaking Project
At its November 28, 2018, meeting, the Oversight Committee approved the release of proposed changes to existing agency rules.

The proposed amendments affect Texas Administrative Code §§ 703.3, 703.13, 703.21, and 703.22. The proposed changes will be published in the January 4, 2019, edition of the Texas Register. Written comments may be submitted through February 4, 2019, to CPRIT's General Counsel, Kristen Doyle, by fax (512-475-2563), by email (kdoyle@cprit.texas.gov), or by mail to the Cancer Prevention and Research Institute of Texas, P.O. 2. No Cost Extension Request

- Allows CPRIT to review a no cost extension request by a grantee with a pending report that has been submitted to but not yet approved by CPRIT.

- CPRIT will review the justification and either approve or deny the no cost extension request.

- TAC § 703.14(c)

CANCER PREVENTION & RESEARCH

24

24

3. Matching Funds Supporting Documentation

- A grantee that is required to expend matching funds must submit complete supporting documentation with the annual matching compliance certification form in CGMS.

FSRs - Findings & Errors

- No Justification for expenses paid in prior period that are included on current FSR

- When amounts on an invoice do not match the amount shown on the ledger, remember to indicate clearly on the invoice the amount(s) requested and which item(s) it is for.

- Reminder that we need to know which items we are reimbursing when there are multiple items on the same invoice and the grantee is only requesting part of the total invoice amount

CANCER PREVENTION & RESEARCH
INSTITUTE OF TEXAS

29

29

FSRs - Findings & Errors

- Unreadable receipts (especially travel)

- Mis-categorization of expenses - especially "Contractual" versus "Other"

- Unallowable expenses: Fees for professional memberships

- If a report or FSR is disapproved, please act on the request and resubmit as soon as possible so that the report or FSR can be approved in a timely manner - new form doesn't populate until the current one is approved, etc.

CANCER PREVENTION & RESEARCH

30

30

FSRs - Findings & Errors

- Submitting ledgers with a lump sum on an item…finding, after reviewing the backup that the amount is the sum of five different invoices

- Foreign currency exchange rate sheets per the day of purchase (or inclusion of credit card statements showing rate of exchange)

- Re-emphasize the importance of timeliness, especially with FSRs around the deferral process

- Frequently documentation is not readable because of how it is scanned

No Cost Extensions (NCE)

70

70

NCE

- No Cost Extensions- Decisions regarding NCE are based on several factors including the documentation of progress and documentation that the work proposed for the NCE is consistent with the initial award.

- CPRIT will not approve a NCE without a PI level of effort appropriate to scope of work being conducted

- If you receive a no-cost extension, you must complete a PLOE for the extension time period.

- For NCE's, the final report date changes but an additional annual report is required as well as quarterly reports until the end of the contract

71

71

NCE

- **No Cost Extensions**
  - Include time, process and justification requirements
  - PI needs to have measurable level of effort during an approved NCE
  - In order to receive a no cost extension, a grantee must be in good fiscal and programmatic standing
  - No automatic approval of a grantee's first no cost extension request
    - Must be submitted at least **30 days prior** to contract termination but not more than 180 days prior
